EXECUTIVE PROFILE

I build HR where there is none, turn around HR that isn't working, and lead teams that scale with the business.

Senior people executive with 20+ years of progressive HR leadership, from HR Assistant on the floor of a Fortune 500 bottling plant to **CHRO-level ownership of multi-site organizations**. HR has been part of every role I've held, including my COO seats.

I have run HR as a **department of one** through growth from 1 to 10 facilities, and I have **led HR teams of up to 14** (payroll specialists, generalists, benefits and recruiters, including offshore teams). I have implemented benefits plans and HRIS platforms, designed total rewards programs, built SOPs that outlast the person who wrote them, and stepped into existing HR departments as Director to turn them around. I partner closely with Finance, Legal and IT, and I bring multi-state and California compliance and **audit-ready, public-company-ready HR infrastructure**.

COO / SENIOR HR LEADER

JAN 2020 – PRESENT

The Wave International · Clearwater, FL · Multi-Site Behavioral Health · Remote-First

Promoted from Director of Human Resources (Sep 2019 – Jan 2020). Sole People function, with full HR ownership alongside COO duties.

- ◆ Senior HR leader and strategic partner to executives on workforce planning, org structure, talent strategy, employee relations, performance, compensation, benefits and compliance.
- ◆ Built HR from the ground up as the business grew from **one operation to 10 facilities** and from about \$500K to \$24M in annualized revenue.
- ◆ Own full-cycle HR with **no dedicated team**: recruiting, onboarding, payroll, total rewards, benefits, leaves, employee relations, performance and offboarding.
- ◆ Put structure where there was none: SOPs, lifecycle documentation, manager accountability frameworks and thorough, objective investigations, so every new location launched on a consistent, compliant foundation.
- ◆ **Implemented BambooHR and Gusto** from selection through configuration and data migration, and trained every employee and manager on self-service; designed compensation and benefits aligned to growth and financial targets.
- ◆ Built **public-company-ready HR infrastructure**: compliance frameworks, policy documentation and audit-ready people operations aligned to SEC and Nasdaq requirements.
- ◆ Sourced, contracted and manage two India-based teams; cut administrative costs up to **40%** and operating expenses **15%** through automation and process redesign.

THE WAVE INTERNATIONAL

01

An HR department of one, through hypergrowth

CHALLENGE

A single-site organization expanding fast, with no HR team, no HRIS and new locations opening across the country.

WHAT I BUILT

The full people stack: policies, onboarding, total rewards, ER standards, manager frameworks, BambooHR and Gusto, and audit-ready documentation.

~45% · 20% Lower related comp costs; hiring timelines about 20% faster

SEC SOLAR

04

HR for a 1,000+ person multi-state workforce
